

Burriss Laboratory School

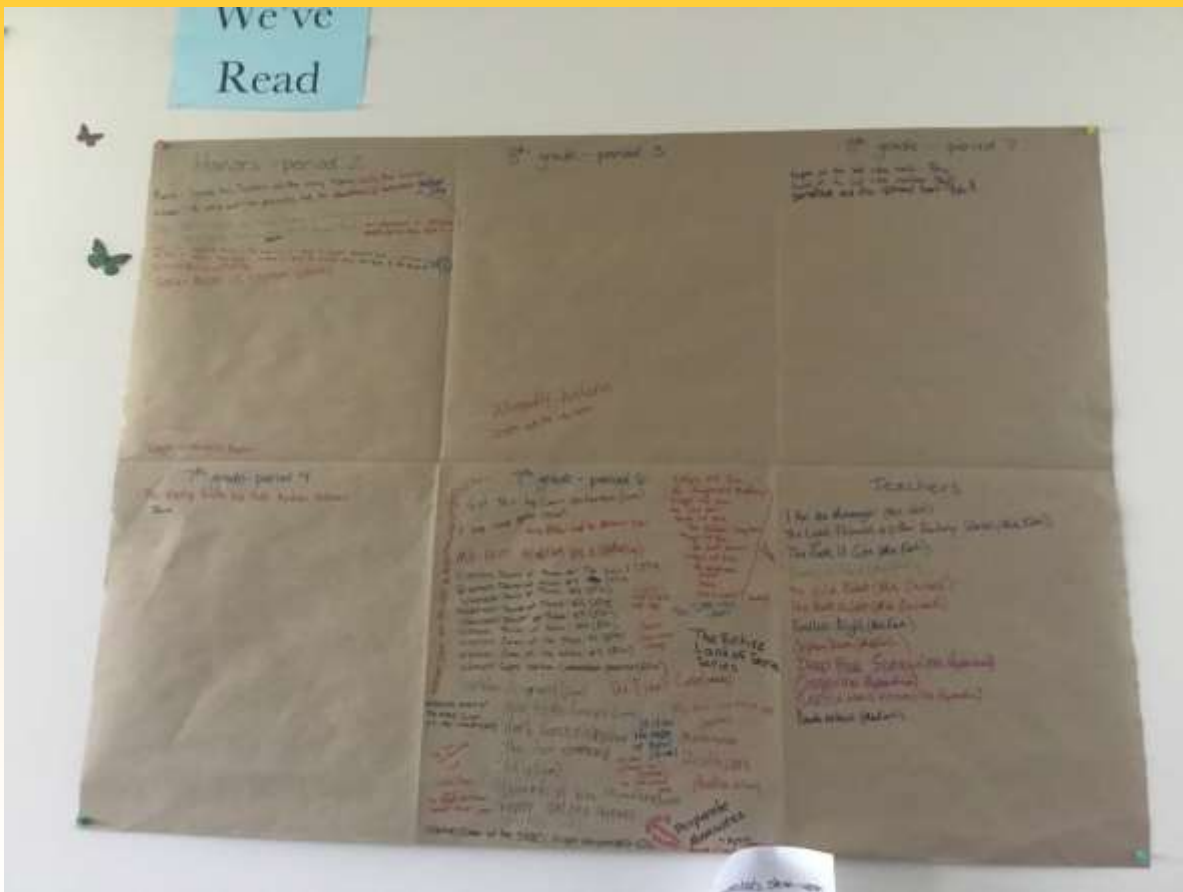

Weekend Update

Dawn Miller, Principal

September 4th, 2018

Sensitive to Chemicals and Fragrances

We have many students and teachers who are sensitive to chemicals and fragrances. Therefore, we ask that students not bring perfumes or scented sprays or lotions to school. Thank you for your cooperation in keeping all members of our Burriss family safe and healthy.

Middle Schoolers are READERS! During the month of August, 7th and 8th grade students kept track of all the books they read. The photo shows that we've read a LOT of books! Mrs. Koch's 6th period 7th graders read so many that they had to add extra paper in order to have enough room! Students will continue to keep track throughout the year.

To help promote literacy, please remember to talk to your children about the books they read, and show a good example by reading yourself. Mrs. Koch would love to add to her classroom library, so if you have books suitable for 7th and 8th grade, please consider donating them. You can drop them off in the front office with a note saying they are for her.

Ball State University is offering a Saturday Children's Art Class from Sept. 22- Nov. 17 (no class on Oct.6 or Nov. 3) in the BSU Art & Journalism Building from 9:30-11:30 a.m. The theme this year is Nature & Art. This will cover artist who use Nature for their inspiration in a variety of art forms. Students will be working in a variety of artist's materials, in two- and three- dimensions. The fees for the program are \$35 per child, and \$25 for any other enrolled siblings. Any child from 1st thru 6th grade may enroll.

For more information you can go to www.bsu.edu/art and follow the link to the registration form that can be downloaded or call 285-5676 or 285-5838. One scholarship is available for one student for a reduced registration fee if needed. Please contact Mrs. Phelps by email at drphelps@bsu.edu if the needed.

Our Mission

Burris Laboratory School fosters a culture of respect and trust where every student is challenged to pursue excellence by engaging in a well-rounded, technologically-enhanced, rigorous curriculum in a safe and secure environment. As a model school, engaged in best-practice research and the preparation of highly effective educators, we collaborate with community partners to prepare students for success in an ever-changing world.
